

## The Early Years Curriculum

Our Early Years Curriculum aims to lay a secure foundation for future learning. We engage all children in learning from the very start and expect our children to leave us as happy, confident and skilful communicators who are curious about the world around them.

We aim to provide our children with knowledge, skills and experiences in a hands on, holistic way so that learning is embedded in a meaningful context.

### Curriculum Overview

We offer a high quality broad and balanced curriculum which has for four main elements:

### Other Aspects of our Curriculum

Jigsaw PHSE  
White Rose  
Maths

APS Systematic  
Synthetic  
Phonics  
approach

Focus on language:  
Neli  
Welcomm  
Contingent Talk

Working in  
partnership  
with parents
