Small Stings From Bees Defeat Sheffield Wednesday

This match has to be one of the prime wins for the last two seasons. On a wintery December 30th, an impressive match between Brentford and Sheffield Wednesday. These teams are better known as Bees (Brentford) and Owls (Sheffield Wednesday). The game started off with a chilly blast and the cold weather had an impact on the game. This game attracted about 10,853 spectators.

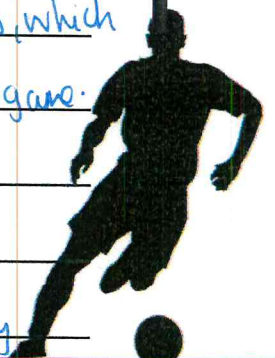

It first started off with the Owls making the better start to the game and started to elevate the hopes up for victory. However, the game flipped over to a new leaf when the Bees took the lead midway through the first half. One thing good about the Owls though was their positiveness which lead them to an early lead. Adam Reach blazed wastefully ^{wide} after picking up a loose Nico Yennaris pass. Back to the game, Vibe, from Bees, took the ball to his heels and charged forward but unfortunately missed. However, Jo Zefron chips the goalkeeper and scores Bees' first shot. From then on, Sawyers had complete control of the game. He was assisted by McCuehan and Wooley, which meant that the Bees went goal-hunting, ready to shoot the game. Brentford had simply found the formula.

At

At the end, Brentford had 16 shots while Sheffield Wednesday

had 6 shots. This implies that Brentford had more time with the ball as a margin of 10 is quite a lot. For possession, Brentford had 56% as Sheffield Wednesday had 44%. This happened partly because Josepoo (who had the scored the first goal) used to play in a big Holland team. Additionally, hosts have boosted them up to 10th in the table, four points outside the play-off places.
